COMPANY: NaturallyCurly  
LOCATION: Austin, Texas

NaturallyCurly is seeking an Accountant to work closely with the Media Sales, eCommerce, Market Insights and Operations teams to provide accurate, timely and insightful information to run our unique business.

You will work directly for the Controller and have primary responsibility for ensuring the timely and accurate transfer of sales and credits from our ecommerce platform into the accounting systems working closely with our ecommerce and our corporate teams to accomplish this. You will have responsibility for A/P, A/R, fixed assets, bank reconciliations and sales tax. You will work with the Controller on month-end close activities and reporting.

The successful candidate will be comfortable developing financial models, suggesting process improvements and researching and advocating for tools and software that will improve/streamline our operations.

REQUrement SKILLS:

• Required Skills/Proficiencies:
  • Bachelor’s degree in Accounting, Finance, Business or related field
  • Minimum of three years accounting and/or financial analysis experience
  • Experience with accounting software (e.g. QuickBooks, Freshbooks)
  • Proficient in the MS Office Suite (Excel, Word, Powerpoint)
  • Positive, self-starter, can-do attitude
  • Strong verbal and written communication
  • Ability to thrive in a fast-paced environment
  • Attention to detail, dependable and organized

CREATIVE DIRECTOR

NATURALLY Curly

COMPANY: NaturallyCurly
LOCATION: Austin, Texas

TextureMedia is seeking a highly creative, collaborative and strategic thinker that will own and guide all creative projects and initiatives for TextureMedia with specific responsibility for the overall quality of work produced by the creative department (editorial, design, video and copywriting). This person will manage all creative tasks from initial concept to final completion while successfully translating business and marketing objectives into comprehensive creative strategies. This person will also own and manage branding guidelines to ensure that both visual and written communication standards are met across various mediums and executed both on and off platform to ensure consistency in messaging. The ideal candidate will not only have intimate understanding of digital advertising, design and copy best practices, but will also have a strong grasp of web UX and UI guidelines in order to stay nimble and competitive in the face of the ever evolving digital technology landscape.

RESPONSIBILITIES:

• Work directly with the Head of Marketing to invent new ideas for branding, advertising campaigns and marketing messaging
• Partner with the Head of Marketing and the Marketing Manager to prioritize marketing initiatives through close analysis of internal data and metrics, including competitive analysis
• Translate marketing objectives into clear creative strategies; bring vision to reality
• Manage the creative process from concept to completion for both original and sponsored programs
• Own creative branding guidelines, at both company and program level, and apply to all facets of the business
• Lead and direct the creative staff in the production of all marketing collateral, digital and print assets, video programming and social engagement initiatives
• Remain actively involved in hiring and training creative staff
• Ensure visual and written communication standards are met across all original and sponsored campaigns
• Oversee client pitches and proposals and manage version control of digital and print materials; participate in client brainstorm meetings as needed
• Meet with clients or upper management to explain campaign strategies and solutions
• Review work, troubleshoot and provide feedback to creative teams; maximize team talents and skillsets through coaching and mentoring
• Serve as the contact for all creative logistical needs and prioritize against competing client and company priorities with the assistance of the Director of Programming
• Partner with all levels of creative and cross-team staff to align, clarify, or decide on creative needs
• Support company and department goals and achieve both business unit and individual KPI’s.

REQUIRED SKILLS/PROFICIENCIES:

• 5–8 years of experience in creative management, either agency or in-house
• Bachelor’s Degree or higher in Fine Arts, Graphic Design, or Digital Media Design
• A superior portfolio of design work; hair or beauty-focused, lifestyle brands a plus
• Mastery of and practical experience with a variety of software, including Photoshop, InDesign, Flash, etc.
• A demonstrated history of partnering with creative leaders to drive efficiency and enhance the creative workflow processes and operations
• Recognized expertise developing strategic creative solutions for clients
• Interactive/website design experience
• Understand user-centered design and development processes, with an emphasis on extending branding and marketing concepts across a broad range of customer segments and channels
• Excellent communication (oral, written, presentation) and leadership skills which foster and develop internal team and external client relationships
• Ability to solve problems with keen instincts and organizational experience
• Proven mentoring and team-building skills
• Experience in strategic planning and execution
• Results oriented, high energy, self-motivated
